

ENVIRONMENTAL POLICY

- We are an environmentally sustainable company in so far as technically possible and economically available.
- We organise our daily operations such as to be able to comply with the principles of continuous protection of the environment. We try to use technological processes that will not have a negative impact on the environment.
- Act in accordance with applicable laws, regulations and standards.
- We regularly assess the environmental impact in relation to our activities.
- Ensure that the requirements and needs of customers are taken into account.
- Develop the skills of the company's employees and raise their awareness through the training process.
- Ensure environmental friendliness in the office.
- Continuously increase the efficiency of the company through the use of modern management and planning methods.
- Ensure the performance of the management system in accordance with the requirements of the ISO 14001: 2015 standard.
- Continuous improvement of the management system and relevant processes.
